

AVERAGE MONTHLY PAYMENT PLAN **(AMP)**

The Average Monthly Payment Plan is available for payment of charges for all utility services.

In order to qualify for the AMP Plan, a customer must meet ALL of the requirements below:

- Must have twelve (12) or more months of continuous billing history
- Must not have a history of disconnects for non-payment in the past twelve (12) months
- Must not have a history of NSF checks in the past twelve months
- Must not have had two (2) late payments within the last twelve (12) months
- Must not have an outstanding balance with the City of Sanger

I understand that I must pay on or before the 15th of each month and that my account must stay current or the AMP Plan will end immediately. I also understand that I will not be eligible to apply again until I've had twelve (12) or more months of continuous service.
